

Keeping your employees healthy is good for business

Want more information?

Your local chamber exclusively endorses Blue Cross Blue Shield of Michigan and Blue Care Network. Contact your local chamber today to give your employees a complete health care package.

Count on Blue Cross Blue Shield of Michigan, Blue Care Network and your local chamber of commerce to help you meet your employees' health care needs. We offer new products and services that make your employees' health care coverage more affordable for your business.

- **Innovative products:** We've refined the health care plan options we offer business owners to provide you with a range of smart choices.
- **Complete coverage:** With our Blue DentalSM and Blue VisionSM products and our marketing arrangements with Dearborn National[®] Life Insurance Company and LifeSecure[®] Insurance Company, you can supplement your medical plan and provide coverage for all of life's situations.

We're dedicated to wellness

Good health means a healthier bottom line. Our health plans include wellness resources that support your employees in achieving goals, such as losing weight or stopping smoking — at no additional cost to them.

We also cover some preventive services with little or no cost-sharing for your employees when they receive those services in their network. The services include health exams, immunizations and mammograms.

Resources for your employees
